

**Hank Mittelhauser, Ph.D.***Principal*

Ph.D., Chemical Engineering, 1966  
Northwestern University, Evanston,  
Illinois

M.S., Chemical Engineering, 1963  
Northwestern University, Evanston,  
Illinois

B.S., Chemical Engineering, 1962  
Notre Dame University, South Bend,  
Indiana

*Dr. Hank Mittelhauser has 30 years of experience managing an engineering firm, developing environmental data acquisition programs, supervising analytical testing, providing hazardous waste management consulting, and management of large scale remediation projects. He specializes in helping private industry minimize the financial impact of implementing requirements of the Resource Conservation and Recovery Act (RCRA), the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA), the Superfund Amendments and Reauthorization Act (SARA), and state lead remediation projects. He provides expert witness testimony on environmental liability issues related to waste handling and disposal practices that have led to soil and water contamination, and alleged human health impacts. He also advises buyers and sellers of real estate on potential environmental liabilities associated with real estate transfers.*
